

PET WELLNESS PACKAGES

A happy, healthy pet can be such an important part of our lives. The Athens Veterinary Service is committed to your pet's health, therefore, we have developed **Pet Wellness Packages** which provide care at affordable rates and convenient payments. These Packages are based on the most current recommendations for vaccines, parasite control, routine testing, and medical procedures.

See all of the information below for what is included in the Packages and cost options.

Please ask the staff about any questions you may have about the Packages.

Payment Terms and Refunds

All monthly payment plans require a current credit/debit card that will be billed during the last week of each month. There is a \$20.00 non-sufficient fund fee each time a card is declined. A declined card constitutes a breach of payment agreement. Therefore, a reoccurring declined card will cancel plan and full payment of used package will be charged. Partial refund or credit may be given in the event of the loss of a pet based on amount of services already paid for and provided in the plan. Unused services are not transferable to the following year. Single payment plans for Puppy and Kitten packages may be transferred to the new owner if remainder of services are completed at the Athens Veterinary Service. Monthly payments plans may not be transferred. If you no longer have the pet you are still responsible for payment of services used. You may pay off account early.
